

## Hire Gospel Wedding Singers

IDMC & Luciano Pavarotti

During the December 2003 wedding of operatic superstar Luciano Pavarotti and Nicoletta Mantovani, members of IDMC performed four gospel classics specially chosen for the bride and the groom. The wedding took place in Italy and was attended by, among others Bono and Sir Elton John. We can sing for you too.

If you are thinking about having a wedding singer on your special day, why not take advantage of our Wedding Package and hire the one of the UK's top gospel choirs to perform at the church service and the reception as well. Delight your guests with Live entertainment

Why not delight your wedding guests with the inspirational sounds of 'Lovely Day' (Bill Withers), 'O Happy Day', 'Let's Stay Together' (Al Green) or a selection of songs that are special to you. Either way neither you nor your wedding guests will be disappointed. Having a Gospel choir will make your ceremony all the more special, whether you have 6 singers and a pianist, or 20 singers and a full band.

A typical package can include:

- The singing of hymns
- Singing for the entrance of the bride
- Performance during the signing of the register
- Singing as the Bride and Groom leave the church

We are adept at delivering traditional songs, hymns, gospel songs and we have, on many occasions prepared special requests. Songs that mean a great deal to the happy couple.
