The Journey so far...2009!

We kicked off our 2009 Calendar in February with a set at Rubix @ LiquidEnvy, Uxbridge, where we sang to teenagers who had the privilege of attending a 'rave night' celebrating 'all' faiths, it was good Fun! We then had an electric day on 8 March 09, at The Royal Festival Hall, London, when IDMC recorded their first ever 'music video', for the track "It is To You". It was a day filled with fun and professionalism! As members we observed one another work under pressure, yet with joviality and patience. The afternoon culminated with a free concert which was well attended and crowd participation was overwhelming! DVD release coming soon...

In April, UKCMC (Coventry) invited us to do a live set for their television programme which is aired on UCB TV or (www.ucb.co.uk)! Keep a look out for this one...22 April - IDMC took to the skies and were guests at the Sacrum de Musica in Bielsko Biala, Poland! We sang at the Andrzej Bobola Church, which is a beautiful structure. Checkout some of the photos from the night:

It was a fantastic night and a great experience for the choir. Other artistes on the night included, Kirk Franklin, Jahaziel, Coko, Smokie Norful, MaryMary, Chevelle Franklin, CeCe Winans.... ORACLEZ 2009 - WEMBLEY!
